FIRST
READING

- A. Rule 600 Proposals

Proposal Summary:

Plan A. Remove the restriction on participation on an “outside the school” team during the same season of sport.

Plan B. Remove the restriction on participation on an “outside the school” team during the same season of sport with local school site permission.

Fiscal Impact: None

Background: The origins of Article 60, Bylaws 600 – 605 began with the first implementation in restricting “outside the school” participation in 1929. There were further revisions and restrictions put in place in 1945, 1959, 1966, 1980 and the latest revision to the bylaw made in 1985. With the number of opportunities for participation in sports related activities outside the school site increasing, the question has been raised as to the appropriate role of the CIF in restricting a student’s desire to participate. Additionally, the application of the article is inconsistent for the CIF, most evident in soccer, due to the significant difference in seasons of sport throughout California.

In 1980, the vast majority of state athletic governance associations had similar prohibitions. As of 2011, twenty-six (26) states have eliminated this prohibition and now allow outside participation concurrent with the high school team. Other large states such as Texas (1995—legislative action), Florida (never had prohibition) and New York (1988—court ruling) have completely eliminated the rule and have seen their high school sports continue to flourish and expand in participation. Some

states have made this change at the urging of their membership, legal action and some states at the direct demand/oversight of their legislature.

**CIF ARTICLE 600
TALKING POINTS/RATIONALE FOR AND AGAINST RULE 600**

- | POINT | COUNTER POINT (if any) |
|--|---|
| 1. High school athletic participation is time intensive. High school participants/ first priority should be academics. If high school participants play on their high school team and an outside team, their academics will suffer. | 1. Rule 600 allows for a high school basketball player to also play on her club softball team at the same time. Why is that okay, but not the “same” club sport as the high school?

Given that student traditionally perform better academically during their season of sport than outside of the season (many studies have shown this to be the case), the argument that Rule 600 is designed to protect the students’ academic emphasis (time) is not valid. |
| 2. High school participants need to commit to the high school team. They should not have to miss a high school game for a club commitment. They should not be put in the position of having to make that decision. The high school expectation is that they will play for their high school team in every contest and participate in every practice. They can’t do that and also play for a club team. | 2. Same as 1 above—if they are playing on a different club sport team during high school, won’t the conflicts remain? Aren’t these decisions that should be made between the student, parents/guardians, and the coach?

Coaches can/do set standards and rules for their teams. |
| 3. Academics should be first. We need to help student-athletes and their families by restricting them from too much activity during the high school season. | 3. Don’t families have the right to make those determinations in the best interest of their family? What about the student that CAN handle more commitments? Why is CIF acting on behalf of the family? Also see 1 and 2 above. |
| 4. During the season, having two different coaches may result in different or even conflicting coaching styles affecting the skill level of a high school player or the way a player executes a skill. | 4. This may also occur in the off season when student-athletes play for different coaches. When they return the next season they are executing a skill differently than their high school coach wants them to. Why is it just a problem during the season that we need to correct? |
| 5. While playing on an outside team, a high school athlete may suffer an injury that affects their ability to play for their high school team and meet their high school team commitment. | 5. Student-athletes can get hurt anywhere, doing anything. Accidents happen. They might even happen in practice which allowed by Rule 600. |
| 6. Overuse injuries are more common when student-athletes play “too much.” We need to control the time they are allowed to play so they don’t suffer these injuries. | 6. Given that the argument that Rule 600 is designed to help reduce overuse injuries, then why does 600 make it allowable to play other sports at the same time or compete as an unattached individual? This refutes the argument to protect the students’ safety.

Yes, overuse injuries are more common when playing too much of the same sport, which is what Rule 600 addresses. But similar sports activities can also cause such injuries and why is CIF again making decisions best left to the families and their |

medical practitioner.

- 7. If we didn't restrict student-athletes in individual sports, they would compete for their club prior to participating in high school competition at the end of the season in order to win a section championship.
- 7. Individual sports athletes can do that now if the school, team, league or section doesn't restrict it. They can practice with the team throughout the season and continue to swim, run, etc., attached in outside competition and then join their high school team late in the season. They can also compete for their high school team and continue to compete "unattached" in outside competition during the season.
- 8. If we don't control club programs, they will take over out high school programs.
- 8. The CIF legal mandate is to govern interscholastic athletics in grades 9 – 12 for CIF member schools who choose to participate.

School programs must be responsive to the interests and needs of their student population as it relates to education based athletics. We cannot control, nor do we have legal authority to govern, outside activities.
- 9. We must have exceptions for certain Olympic Development programs and other unique circumstances for some sports.
- 9. CIF rules have made exceptions for the elite athlete to participate in national competitions.

Some question the appropriateness of this exception to the rule for only the elite athletes when our education based athletic philosophy is participation and inclusion of all students.
- 10. Rule 600 applies to all socioeconomic groups equally. Without 600, a greater division of athletic participation among/between socioeconomic groups/schools will occur. The athletic gap between "the haves" and the "have nots" will widen between our schools. Those families that can afford year-round club teams will benefit even more so than the current status.
- 10. The family who can afford their own professional coach (tennis, golf) or pay the membership fees in a country club or health club will always be able to give their child an advantage.
- 11. School teams can organize under club team status through AAU and then practice on Sunday (or the alternate day of rest) as well as exceed daily practice time limits (set by schools, districts and some sections) and the start and end dates (for those sections that define the season of sport).
- 11. Should the CIF consider a rule, similar to policies implemented in other state, which would prohibit the high school coach from coaching their school's student-athletes on an outside team in the same sport during the high school season?

**FIRST
READING**

C. Statewide Practice and Contact Guidelines

Proposal Summary: It is being recommended that the CIF institute bylaws that govern the amount of practice and contact time that student-athletes have with their education based coaches/teams.

Fiscal Impact: None

Background: There has been significant discussion, both nationwide and within the CIF, regarding the amount of practice/contact time that students should have with their education based coaches. Many states across the U.S. have successfully implemented practice and contact time policies to benefit the health and welfare of their student-athletes. At both the NCAA and professional levels, protections have been in place for several years and the CIF Sports Medicine committee has again requested that the CIF put in place similar protections for our almost 800,000 student-athletes.

Anticipated Action: May 2, 2014

506 Practice Time Allowance

All practices (as defined) under the auspices of the high school athletic program during the season of sport shall be conducted under the following conditions:

On non-competition school days:

1. Single practice sessions shall not exceed three hours in duration.
2. Multiple practice sessions conducted in one day, shall not exceed a total of three hours for that day.

On non-competition, non-school days:

1. Single practice sessions shall not exceed three hours in duration.
2. Multiple practice sessions:
 - a. no single practice session shall exceed three hours; AND
 - b. a total of all practice sessions conducted in one day shall not exceed a total of five hours for that day; AND
 - c. must include a minimum rest period of three hours between any two practice sessions.
3. Double day practices shall not be held on consecutive days.

In the sport of golf only, a team is allowed a maximum of **two days** per week of 18-hole practice rounds that may exceed the three-hour practice limit. (*Should be one or two days?*)

A. Definition of Practice: Interscholastic practice during the school year, exclusive of the curricular

school day, is defined as:

1. Any school or team or individual activity organized by the coach that is intended to maintain or improve a student-athletes skill proficiency in a sport; AND/OR
2. Any school team or individual activity that includes skill drills, game situation drills, inter-squad scrimmages or games, weight training, chalk talks, film review, meetings outside of school time (excluding parent meetings); AND/OR
3. Any other coach-directed or supervised school team or individual activity or instruction for a specific sport (private, small group or positional instruction etc.); AND/OR
4. Any other team or individual instruction for a specific sport organized or supervised by any team member, or anyone else associated with the high school athletic program, team or school; AND/OR
5. Outside "club" etc. activity, shall not be used to circumvent these bylaws.

B. This bylaw is not intended to supersede any School/District/Section policies that may be more restrictive.

C. Penalties: Following the determination of a violation of CIF Bylaw 506, a loss of practice day(s) and/or other sanctions, for each practice session infraction, shall be imposed by the Section as they deem appropriate to the level, extent, and duration of the infraction(s).

D. State Swim and Dive Championship Event

Proposal Summary: The CIF Southern Section is proposing the development of a CIF State Swim and Dive Championship to be implemented in the spring of 2015. The introduction of this proposal follows the approved State Championships Master Schedule. Please refer to the following proposal for the number of section entries. The event would allow the most competitive swimmers in the state an opportunity to compete at the "state" level. The championship event is proposed as a two-day event on a Friday and Saturday.

Fiscal Impact: (See Proposal for Southern Section Analysis)

State CIF conducted a fiscal analysis and determined a revenue increase to approximately \$26,000 based on a two-day event. The expenses are expected to remain in the range of \$16,000. While not listed in the proposal, CIF anticipates the expenditures for the event would be in line with other CIF Championship Events currently coordinated by State CIF.

Background: State CIF does not currently have a state championship in either swimming or diving.

**FIRST
READING**

The Southern Section has proposed the championship event follow a model similar to the current Track and Field Championship model. Southern Section Council has approved and passed this proposal.

**PROPOSAL FOR CALIFORNIA STATE SWIM & DIVE CHAMPIONSHIP
NEW CIF CHAMPIONSHIP EVENTS**

Name of Event: CIF State Swim and Dive Championship for school year 2014 – 2015
Proposed Event Dates: May 29 and 30, 2015
Entries—Qualifying procedures

Number of Competitors

Sections are allowed the following entries as per State Federated Council rule:

<i>Southern</i>	5	<i>Central Coast</i>	3	<i>Northern</i>	1
<i>North Coast</i>	3	<i>Central</i>	2	<i>San Francisco</i>	1
<i>San Diego</i>	3	<i>Los Angeles</i>	2	<i>Oakland</i>	1
<i>Sac-Joaquin</i>	3				

At-large Entries

Sections may enter additional competitors provided they have met or bettered the “At-Large” standard for their event in their Section Meet that qualifies athletes for the CIF State Swim and Dive Championships. In the swimming events, all times must be recorded on “Fully Automatic Timing” systems (FAT). No hand times will be accepted.

Financial Criteria and Feasibility for New Events Sponsored by CIF:

1. What travel, lodging, and meal reimbursement will be provided to participating schools?
None. The proposed championship is similar to the cross country and track & field championships currently in place. At this time, the reimbursement of expenses are not offered to member schools.

2. Will this event place any CIF Section event at risk financially?
This event will not place any CIF Section event at risk financially because it takes place after all section championships have been concluded. This event will possibly generate greater excitement in the sport of swimming and diving at the section level and generate additional profit due to bring a long-awaited state championship meet to California.

3. Will this event be a burden on any CIF Section budget or the State CIF budget?
This event will not place a burden on any CIF Section budget because it takes place after all sectional finals have been completed. The State CIF will work with interested host communities to keep championship expenses in line with the projections below and use additional marketing opportunities to supplement the budget.

4. Please provide a detailed, specific, feasible cost estimate for the operation of this event.
Projected State Swimming & Diving Championships based on Southern Section Championship historical revenue and expense figures

	Revenue	Expense
Programs	\$300	
Gate Receipts	1.5 x number of competitors	
Personnel Expenses		\$3000
Officials		\$2500
Miscellaneous Expense		\$2000
Awards		\$800
Entries		\$500
Security		\$1500
Announcers		\$200
Credentials		\$100
Clerk of Course		\$500
Timing System		\$800
Ticket Takers/Sellers		\$500
Facility		\$3000
Diving Entry System		\$200
Meet Manager		\$400
TOTAL	\$13,300	\$16,600

5. Please demonstrate using both costs in #4 above and anticipated event revenue how this

event may be sustained economically over many years.

CIF-SS predicts, using the projections above in 4 and data collected from other sections, that the event can be sustained economically over many years. Based on the historical returns at the CIF-SS championships, which will closely model in size and scope the proposed State swim championships, the individual section championships are financially sovereign; therefore, the CIF-SS projects revenue totals of the proposed state swim championships to be similar to the section championship.

6. Is the current CIF State Office staff capable of managing this event?
The current CIF State Office staff is capable of managing this event and the event expenses cover the costs of a State Tournament Director to assist the State office staff.
7. Is there capable staff available to support the CIF State Office in the operation of this event?
Yes. The State office staff currently has adequate resources to staff the event.

Philosophical Criteria for New Events:

1. How does this event contribute to the goals of the CIF (i.e. a new event may enhance gender equity, economic stability and enhance the awareness of values taught through sport)?
This event would bring the best athletes from each section to compete in an even larger scale event than their own section championships. It's another opportunity for both boys and girls to have "state" level competition as other individual sports currently do (i.e. track & field, wrestling, and tennis).

Qualifying Participation Criterion for a Regional Championship

1. Do 50% of all CIF sections participate in the sport in the same season?
Yes, with the exception of the Northern Section, which offers swimming & diving in the fall, all other CIF sections offer the sport in the spring season.

Other questions.

1. How will this event benefit participating schools and students?
This event will give boys and girls the opportunity for post-section championship opportunities not currently available in swimming/diving.
2. Do the proposed dates conflict with state mandated testing?
The proposed dates are not ones that are currently used for playoff opportunities in other sports. No conflict with state testing is anticipated.
3. Does the event cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturdays, evenings, vacation time)?
The two-day event is planned for an evening prelim on a Friday and Saturday day, mitigating the loss of class time. Depending on travel, there may be some loss of instructional time, but minimized with the current time and date schedule.
4. If the proposal is for a sport that is played now in more than one season in the state, what dates are selected and why?
With the exception of the Northern Section, the remaining nine sections all compete in the spring season. The proposed dates of the event coincide with the next available weekend after the completion of Section finals.
5. How, specifically, will this event be a demonstration of the values of participation in high school athletics? In choosing teams or individuals for an event, is there any criterion such as demonstration of respect, sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc.?
All CIF events are conducted with the above in mind. This event can give CIF member schools another opportunity to demonstrate that competition can be played fairly and with great sportsmanship. It is also an additional avenue for our member schools to promote the best values of educational athletics.
6. Will the proposed event lend itself to a partnership between the State CIF and a CIF Section? If so, the nature of the partnership must be detailed. What are the duties and responsibilities of the State and Section entities? If there is to be a risk/profit sharing, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources?
Any proposal that considers a Section/State partnership should consider whether or not an event should be rotated, upon request, among Sections. The state office will assume

financial responsibility of profit and/or loss of the event.

7. Will there be any ancillary activities associated with the event to make it more attractive and reflective of the goals and mission of CIF (i.e., training for coaches, sportsmanship activities for schools)?
TBD

D. Proposal to move boys' soccer to the winter season (Jerry Deakins)
Rationale:
1. *The MCAL boys' soccer schedule is moving to the winter season, so there will be 9 leagues or conferences playing in the winter.*
2. *The move would eliminate the possibility of local teams playing against each other over and over again, as has happened in the past.*
3. *More referees would be available as they would not all be concentrated in one season.*
4. *Girls' soccer would remain in the fall, allowing them to move their games to Tuesday and Thursday to avoid conflicts with football games and dances.*
5. *With the boys and girls having a different season of sport, more practice facilities would be available for the teams as there will be fewer teams sharing the available practice facilities.*
6. *If the CIF establishes a State Soccer Championship, it would be played in the winter, which is the official CIF season of sport.*

IX. STAFF REPORTS

- A. Commissioner
B. Assistant Commissioner
- **Scholarship opportunity for student-athletes.** NCS and Touchstone Golf Foundation increased the scholarship amount for student-athletes for the 2013 – 2014 school year to \$1,000. Each year, beginning with the 2013 – 2014 school year, one boy and one girl will be awarded a \$1,000 scholarship. The money is to be used toward tuition, fees and/or books at the college/university of the student's choice. For more information and application go to www.cifncs.org/sports/golf.
 - **Soccer Uniforms.** As a reminder, uniform requirements changed this fall. The requirement for home games is all white jerseys and socks. Shorts can be any color. The requirement for away games is dark jerseys and socks. Shorts can be any color. Solid white means exactly that. Thin tradition non-white stripes along the shoulders or sleeves will not be permitted even though the jersey is predominately white. The rule does not allow "predominately white" jerseys; it allows only solid white jerseys for the home team. The rule does NOT allow a single thin stripe, or 4 thin stripes, or one fat stripe. ONLY solid white jerseys for the home team.
 - **Cross Country.** Entries for the 2013 NCS cross country championships are due by Sunday, November 17 (11:59 PM). THERE ARE NO EXCEPTIONS. Coaches need to request a password at ezmeets.com in ADVANCE of the above date to have time to receive their password and enter their student-athletes before the deadline. Please remind your coaches of this important process. More information can be found in the bulletin. In addition, NCS will again use chip timing at the cross country championships. Last year they had some difficulty in getting non-used chips returned to the timing company. Schools that do not return their chips (used and non-used) will be imposed a \$50 fine (\$25 per chip). Please remind your coaches that chips MUST be turned in or they will be fined.
 - **Wrestling Assessors Recertification.** Wrestling assessor recertification will be done online this

year through the CIF website. In order for any certified assessor to be eligible to assess for 2013 – 2014, they must complete and pass the test at 80% or better. Assessors will be emailed in September to complete the test prior to beginning school assessments. Any new assessor must complete an in-person training.

- **Playoff Tickets.** In order for coaches to receive their complimentary playoff tickets, they must comply with submission of THREE items: roster via the NCS website, schedule/results via MaxPreps website and Form B, via fax or email. Deadlines are listed in the respective bulletin. Note that the MaxPreps schedule/results are new this year.
- **Insurance Requirements.** As CIF Insurance requirements went into effect during the 2013 winter championships, the NCS fall championships (final round/championship only) will be subject to volunteer background checks for the first time. The sex offender record checks apply to those individuals who are not employed by the school or school district. Therefore, certified coaches approved by a school or school district, teachers, administrators, clerical, custodial, aides, trainers, current students, etc., are not required to complete the check. All others must comply with the quick online test. If they have completed the check in winter or spring, they do not need to resubmit.
- **NEW! NFHS Network Selection Show.** NCS has partnered with NFHS Network to broadcast a selection show on seeding Sundays for the following sports: football, girls' and boys' basketball and softball. This is an exciting way to create even more interest in the NCS Championships. Brackets for the above mentioned sports will be announced live through an on-line selection show. More information to follow.
- **Special Reminders for the NCS/Les Schwab Tires Fall Championship Series Events.** Coaches do not have to attend the meetings. Once the brackets are posted on the website the host school is request to come to the NCS office to pick up materials to host their respective game.
